Toyota heritage, reliable quality

Toyota technology, tooling and management systems, combined with proven chassis tuning, support durability, reliability, strong resale value and precise handling.

Refined styling for business

Smooth body lines and balanced proportions create a clean, professional business appearance.

Powertrain choices for global markets

Both petrol and diesel engines use Toyota-derived technology and meet Euro IV emissions standards. Left and right-hand-drive versions meet the needs of different countries and regions.

Flexible seating for group travel

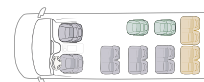

A spacious interior with 14–16 seats combines group transport capacity with comfortable seating.
